

“What is A ‘scoop’?”

- A scoop is measured out of our Front Loader machine. One scoop is the equivalent to a cubic yard for mulch and dirt. For stone, our scoop is 1500lbs.

“How much does a scoop cover?”

- 100 sq./ft. At 2” deep
- NOTE: The 100 sq./ft. At 2” deep average will not apply for stones larger than 2” in size

“Do you deliver?”

- Yes, we do! Our Deliveries are \$50 within 10 miles. Anything outside of 10 mile range is increased depending on mileage.

“How far in advance do I need to schedule a delivery?”

- Typically, we suggest giving us 24-48 hours (2 days) heads up. Our delivery schedule will fill up fast in the Spring and Fall, so earlier you call the better (we can schedule up to 2 weeks early).

“What is the smallest/largest amount you can deliver?”

- We will deliver as little as a ¼ scoop.
- Regarding Mulch, we can deliver 30 scoops (20 yards) and 10 scoops (7.5 tons) for any Stone.
- For Sand and Dirt, we can deliver up to 12 scoops.

“Do I need to set up an appointment to come pick up materials?”

- While it may sometimes help to call ahead to make sure material is in stock. You can come by anytime during store hours to pick up material.

“Do you do any Landscape or Hardscape installation?”

- We do not, however, we will be happy to provide you with a few Contractors that can fulfill your needs.

“Are you responsible for my personal property?”

- While mistakes can happen, we do not assume liability for damage to personal property when loading loose material on trucks, trailers, yards, and/or driveways on our lot and on deliveries. We do take the utmost care when handling equipment near and/or on your personal property, and do our best to minimize potential damages.

“What forms of payment do you accept?”

- We accept Cash and all forms of Cards. You can call us anytime and pay ahead with card.
- We do **not** accept Checks.
